WHEREAS, Plaintiff Saint Lawrence Communications LLC (“Plaintiff”); Defendants Apple Inc., AT&T Mobility LLC, and Cellco Partnership d/b/a Verizon Wireless (Collectively, “Defendants”) (together, hereinafter referred to as “the Parties”), and Intel Corporation (“Intel”), a non-party to this action, may produce confidential source code, schematics, and other documents in this action that include or incorporate CONFIDENTIAL INFORMATION belonging to Intel (“Intel Confidential Information”);

WHEREAS the Parties and Non-Party Intel have agreed to additional provisions to protect against misuse or disclosure of such Intel Confidential Information;

Software Source Code files further include “.include files,” “make” files, “link” files, and other human-readable text files used in the generation and/or building of software directly executed on a microprocessor,

micro-controller, or DSP. Hardware Source Code files include, but are not limited to, files containing Source Code in VHDL, Verilog, and other Hardware Description Language (“HDL”) formats, including but not limited to, Register Transfer Level (“RTL”) descriptions.

4. “Chip-Level Schematics”: means symbolic representations of analog electric or electronic circuits from which the physical structure of a chip is directly derived.

5. “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” Material: Intel Material that includes Source Code and Chip-Level Schematics that constitute proprietary technical or commercially sensitive competitive information that Non-Party Intel maintains as highly confidential in its business, the disclosure of which is likely to cause harm to the competitive position of Non-Party Intel. This includes Source Code and Chip-Level Schematics in the Producing Party’s possession, custody, or control, and made available for inspection by the Producing Party.

6. “Designated Intel Material”: material that is designated “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” under this Supplemental Protective Order.

8. “Personnel Retained by a Receiving Party in this Action” means any consultants, experts, or outside counsel (including their support staff) that have been and continue to be retained by a Receiving Party in this action. For the sake of clarity, any person who was retained by a Receiving Party in this action will no longer fall under this definition if that person ceases to be retained by a Receiving Party in this action.

9. “Party” means any Party to the above-captioned action, including all of its officers, directors, employees, consultants, retained experts, and all support staff thereof.

10. “Producing Party” means a party or non-party that discloses or produces Designated Intel Material in the above-captioned actions.

13. “Counsel of Record”: (i) Outside Counsel who appears on the pleadings, or has entered an appearance in this action, as counsel for a Party, and (ii) partners, principals, counsel, associates, employees, and contract attorneys of such Outside Counsel to whom it is reasonably necessary to disclose the information for this litigation, including supporting personnel employed by the attorneys, such as paralegals, legal translators, legal secretaries, legal clerks and shorthand reporters.

14. “Outside Consultant”: a person with specialized knowledge or experience in a matter pertinent to the litigation who has been retained by Counsel of Record to serve as an expert witness or a litigation consultant in this action (including any necessary support personnel of such person to whom disclosure is reasonably necessary for this litigation), and who is not a current employee of a Party, of a competitor of a Party, or of Non-Party Intel, and who, at the time of retention, is not anticipated to become an employee of, or a non-litigation consultant of: 1) a Party, 2) a competitor of a Party, 3) a competitor of Non-Party Intel, or of 4) Non-Party Intel.

15. “Professional Vendors”: persons or entities that provide litigation support services (e.g., photocopying; videotaping; translating; designing and preparing exhibits, graphics, or demonstrations; organizing, storing, retrieving data in any form or medium; etc.) and their employees and subcontractors who have been retained or directed by Counsel of Record in this action, and who are not current employees of a Party, a competitor of a Party, or of Non-Party Intel, and who, at the time of retention, are not anticipated to become employees of: 1) a Party, 2) a competitor of a Party, 3) a competitor of Non-Party Intel, or 4) Non-Party Intel. This definition includes ESI vendors, and professional jury or trial consultants retained in connection with this litigation to assist a Party, Counsel of Record, or any Outside Consultant in their work. Professional vendors do not include consultants who fall within the definition of Outside Consultant.

**B. Relationship to Protective Order**

16. This Supplemental Protective Order shall not diminish any existing restriction with respect to Designated Intel Material. The Parties and Intel acknowledge and agree that this Supplemental Protective Order is a supplement to the Protective Order entered in this action on August 7, 2016 in the United States District Court, Eastern District of Texas, in this action. The Protective Order applies to all material designated pursuant to this Supplemental Protective Order. To the extent that there is any confusion or conflict between protective orders with respect to Designated Intel Material, then this Supplemental Protective Order governs.

17. Nothing herein shall alter or change in any way the discovery provisions of the Federal Rules of Civil Procedure or any applicable local rules or General Orders. Identification of any individual pursuant to this Supplemental Protective Order does not make that individual available for deposition, or any other form of discovery outside of the restrictions and procedures of the Federal Rules of Civil Procedure or any applicable rules or General Orders.

20. This Supplemental Protective Order shall not prevent a disclosure to which Non-Party Intel consents in writing before that disclosure takes place.

21. This Supplemental Protective Order shall apply to all Designated Intel Material that is produced or provided for inspection in this action, including all Designated Intel Material that is in the possession, custody or control of Intel or any Party in these actions, or that is otherwise relevant to these actions.

26. Notwithstanding the Protective Order, unless otherwise ordered or agreed in writing by Producing Party, Designated Intel Material may not be disclosed to any employee of the Receiving Party, including in-house counsel for the Receiving Party.

27. The Parties acknowledge that Designated Intel Material also may be subject to the US government export control and economic sanctions laws, including the Export Administration Regulations (“EAR”, 15 CFR 730 et seq., <http://www.bis.doc.gov/> ) administered by the

Department of Commerce, Bureau of Industry and Security, and the Foreign Asset Control Regulations (31 CFR 500 et seq., <http://www.treas.gov/offices/enforcement/ofac/>) administered by the Department of Treasury, Office of Foreign Assets Control (“OFAC”). Receiving Parties may not directly or indirectly export, re-export, transfer or release (collectively, “Export”) any Designated Intel Material to any destination, person, entity or end use prohibited or restricted under US law without prior US government authorization to the extent required by regulation. The US government maintains embargoes and sanctions against the countries listed in Country Groups E:1/2 of the EAR (Supplement 1 to part 740), currently Cuba, Iran, Libya, North Korea, North Sudan and Syria but any amendments to these lists shall apply.

28. Receiving Party may host “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” Material only on either 1) any system inside the firewall of a law firm representing the Receiving Party, or 2) inside the system of a professional ESI Vendor retained by Counsel of Record of the Receiving Party. “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” Material also cannot be sent or transmitted to any person, location, or vendor outside of the United States except to Counsel of Record and Outside Consultants designated pursuant to subparagraphs 22(c) and 23(c) above. To the extent that any “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” Material is transmitted from or to authorized recipients outside of the Receiving Party’s Outside Counsel’s office, or outside of the ESI Vendor’s system, the transmission shall be by hand (and encrypted if in electronic format), by a secure transport carrier (e.g., Federal Express), or by encrypted electronic means. “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” must be transported from or to authorized recipients by hand delivery and may not be transmitted by transport carrier (e.g., Federal Express) or electronic means. A Receiving Party may use limited excerpts of HIGHLY CONFIDENTIAL – SOURCE CODE material if reasonably

necessary for expert reports, discovery responses, and court filings. All such documents shall be clearly marked “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE.” Transmission of expert reports or discovery responses including excerpts of HIGHLY CONFIDENTIAL – SOURCE CODE material must be by hand delivery or, if provided electronically, by using PGP© encryption with a pass phrase whose length is at least 20 characters. To the extent excerpts of INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE material are used in a Court filing, the filing must be submitted under seal.

29. Each person to whom Designated Intel Material may be disclosed, and who is required to sign the “Acknowledgement And Agreement To Be Bound By Supplemental Protective Order Governing Confidential Information of Non-Party Intel In This Case” attached hereto as Exhibit A and, if applicable, the “Certification Of Consultant Re Supplemental Protective Order Governing Confidential Information of Non-Party Intel In This Case,” attached hereto as Exhibit B, shall do so, prior to the time such Designated Intel Material is disclosed to him or her. Counsel for the Receiving Party who makes any disclosure of Designated Intel Material shall retain each original executed certificate and, upon written request, shall provide copies to counsel for Non-Party Intel at the termination of this action.

30. Absent written permission from Non-Party Intel, persons not permitted access to Designated Intel Material under the terms of this Supplemental Protective Order shall not be present at depositions while Designated Intel Material is discussed or otherwise disclosed. Pre-trial and trial proceedings shall be conducted in a manner, subject to the supervision of the Court, to protect Designated Intel Material from disclosure to persons not authorized to have access to such Designated Intel Material. Any Party intending to disclose or discuss Designated Intel

Material at any hearing, pretrial or trial proceedings must give 15 business days' advance notice to Intel to assure the implementation of the terms of this Supplemental Protective Order.

**E. Access By Outside Consultants**

31. **Notice.** If a Receiving Party wishes to disclose Designated Intel Material to any Outside Consultant, Receiving Party must, prior to the Outside Consultant being granted access to any Designated Intel Material, provide notice to counsel for Non-Party Intel, which notice shall include: (a) the individual's name and business title; (b) business address; (c) business or profession; (d) the individual's CV; (e) any previous or current relationship (personal or professional) with Non-Party Intel or any of the Parties to this action; (f) a list of other cases in which the individual has testified (at trial or deposition) within the last six years; (g) a list of all companies with which the individual has consulted or by which the individual has been employed within the last four years, the dates of the consultancy or employment, a brief description of the subject matter of the consultancy or employment, and copies of the "Acknowledgement and Agreement To Be Bound By Supplemental Protective Order Governing Confidential Information of Non-Party Intel In This Case," attached as Exhibit A, and the "Certification Of Consultant Re Supplemental Protective Order Governing Confidential Information of Non-Party Intel In This Case," attached hereto as Exhibit B, that have both been signed by that Outside Consultant.

32. **Objections.** With respect to Outside Consultants that have not been previously disclosed to Non-Party Intel, Non-Party Intel shall have seven (7) business days, starting from the first business day following the date upon which Receiving Party provides the notice and all information required by paragraph 31 to the Producing Party, to object for good cause in writing to such disclosure (plus three (3) extra days if notice is given in any manner other than by hand delivery, e-mail delivery or facsimile transmission). After the expiration of the 7 business days (plus 3-days, if appropriate) period, if no objection for good cause has been asserted by Non-Party

Intel, then Designated Intel Material may be disclosed to the Outside Consultant pursuant to the terms of this Supplemental Protective Order. Any objection by Non-Party Intel must be made for good cause, and must set forth in detail the grounds on which it is based. Should Receiving Party disagree with the basis for the objection(s), Receiving Party must first attempt to resolve the objection(s) informally with Non-Party Intel. If the informal efforts do not resolve the dispute within seven (7) business days from the date upon which Receiving Party was first notified of any objection for good cause by Non-Party Intel, Receiving Party may file a motion requesting that the objection(s) be quashed after that seven (7) day period has passed. Non-Party Intel shall have the burden of proof by a preponderance of the evidence on the issue of the sufficiency of the objection(s). Pending a ruling by the Court upon any such objection(s), or the subsequent resolution of the objection for good cause by Receiving Party and Non-Party Intel, the discovery material shall not be disclosed to the person objected to by Non-Party Intel.

**F. Production of INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE Material**

33. Non-Party Intel’s Source Code and Chip-Level Schematics:

- a. To the extent that a Producing Party makes Non-Party Intel’s Source Code or Chip-Level Schematics available for inspection:
  - (i) The Producing Party shall make all relevant and properly requested Non-Party Intel Source Code available electronically and in text searchable form
  - (1) if produced by Non-Party Intel, in a separate room at a secure facility selected by Non-Party Intel or (2) if produced by Defendants, at the offices of Counsel of Record for the producing Defendant or at a secure facility approved by Intel. The Producing Party shall make the Source Code available for inspection on a stand-alone, non-networked personal computer

running a reasonably current version of the Microsoft Windows or Mac OS operating system (“Source Code Computer”). The Source Code Computer shall be configured to permit review of the Source Code through a password-protected account having read-only access. To facilitate review of the Source Code at the secure facility, the Receiving Party may use appropriate tool software on the Source Code Computer, which shall be installed by the Producing Party, including at least one text editor like Visual Slick Edit that is capable of printing out Source Code with page and/or line numbers, a source code comparison tool like Araxis Merge, and at least one multi-text file text search tool such as “grep.” Should it be necessary, other mutually agreed upon tools may be used. Licensed copies of other mutually agreed upon tool software shall be installed on the Source Code Computer by the Producing Party and paid for by the Receiving Party.

(ii) The Producing Party shall make all relevant and properly requested Chip-Level Schematics available for inspection electronically on the Source Code Computer in a secure room at a secure facility selected by Non-Party Intel. The Producing Party shall ensure that the Source Code Computer includes software sufficient to allow a user to view such electronic Chip-Level Schematics.

- b. The Producing Party shall provide access to the Source Code Computer during the normal operating hours of the secure facility.
- c. The Source Code Computer shall be equipped to allow printing of the Source Code and Chip-Level Schematics made available for inspection by

the Producing Party. Copies of Source Code and Chip-Level Schematics shall only be made on watermarked pre-Bates numbered paper, which shall be provided by the Producing Party. Under no circumstances are original printouts of the Source Code or Chip-Level Schematics to be made except for directly onto the watermarked and numbered sides of the paper provided by the Producing Party. Additionally, the Receiving Party may not print any continuous block of source code that results in more than 50 consecutive printed pages, except that Authorized Reviewer(s) may request the printing of a continuous block of more than 50 pages, which request shall not be unreasonably denied by the Producing Party. Counsel for the Producing Party will keep the original printouts, and shall provide copies of such original printouts to counsel for the Receiving Party within seven (7) business days of (1) any request by the Receiving Party, or (2) otherwise being notified that such original printouts have been made or designated. Counsel of Record for the Receiving Party may request up to 10 copies of each original printout of Source Code or Chip-Level Schematics. No more than 10% or 500 pages of the total Source Code (not including copies of original printouts) whichever is greater, for any software release (or in the case of hardware Source Code, for any hardware product), no more than 500 pages of Chip-Level Schematics, and no continuous blocks of Source Code or Chip-Level Schematics that exceed 50 pages, may be in printed form at any one time, without the express written consent of Non-Party Intel, which shall not be unreasonably denied. All printed Source Code and

Chip-Level Schematics shall be logged by Receiving Party's Counsel of Record and/or other Personnel Retained by a Receiving Party in this action as noted in subparagraph 33 (i) below. No additional electronic copies of the Source Code or Chip-Level Schematics shall be provided by the Producing Party. Hard copies of the Source Code or Chip-Level Schematics also may not be converted into an electronic document, and may not be scanned using optical character recognition ("OCR") technology. Only printouts of Source Code and Chip-Level Schematics may be made, and such printouts must include (1) directory path information and filenames from which the Source Code and Chip-Level Schematics came and (2) line numbers. The Producing Party may refuse to provide copies of Source Code and Chip-Level Schematics printouts that fail to comply with this section.

- d. Authorized Reviewer(s) in this action shall not print Source Code or Chip-Level Schematics which have not been reviewed on the Source Code Computer, or in order to review the Source Code or Chip-Level Schematics elsewhere in the first instance, i.e., as an alternative to reviewing that Source Code or Chip-Level Schematics electronically on the Source Code Computer, as the Parties and Intel acknowledge and agree that the purpose of the protections herein would be frustrated by such actions.
- e. Authorized Reviewer(s) are prohibited from bringing outside electronic devices, including but not limited to laptops, floppy drives, zip drives, or other hardware into the secure room. Nor shall any cellular telephones, personal digital assistants (PDAs), Blackberries, cameras, voice recorders,

Dictaphones, external or portable telephone jacks or other outside electronic devices be permitted inside the secure room, except for medical devices, implants, or equipment reasonably necessary for any legitimate medical reason.

- f. If any Authorized Reviewer(s) reviewing Non-Party Intel's Source Code or Chip-Level Schematics seeks to take notes, all such notes will be taken on bound (spiral or other type of permanently bound) notebooks. No loose paper or other paper that can be used in a printer may be brought into the secure room.
- g. In the event copies of Source Code or Chip-Level Schematic printouts are used as exhibits in a deposition, additional copies may be made for the witness and outside counsel for the parties. The printouts shall not be provided to the court reporter, except that the one copy for the witness which will be used as an exhibit can be provided to the court reporter for the purpose of marking the exhibit, and the further copies of the original Intel Source Code or Chip-Level Schematics printouts made for the deposition or trial shall be destroyed at the conclusion of the deposition or trial. The original copies of deposition exhibits designated "INTEL – OUTSIDE ATTORNEYS' EYES ONLY – CONFIDENTIAL SOURCE CODE" will be maintained by the deposing party under the terms set forth in this Supplemental Protective Order.
- h. In addition to other reasonable steps to maintain the security and confidentiality of Non-Party Intel's Source Code and Chip-Level

Schematics, printed copies of the Designated Source Code Material maintained by the Receiving Party must be kept in a locked storage container at the offices of the Receiving Party's Counsel of Record or, if an Authorized Reviewer does not live within the same city as an office of the Receiving Party's Counsel of Record, at up to two other secure facilities that have been selected, approved and paid for by Intel—one facility in Palo Alto, California and the other facility in Manhattan, New York—at all times when not being actively reviewed or otherwise being transferred as permitted by the Protective Order and/or this Supplemental Protective Order.

- i. The Receiving Party's Counsel of Record shall keep log(s) recording the identity of each individual beyond Counsel of Record to whom access to each hard copy of each Producing Party's Intel Source Code or Chip-Level Schematics is provided and when it was provided to that person in the first instance, and within thirty (30) days after the issuance of a final, non-appealable decision resolving all issues in this action, the Receiving Party must serve upon Non-Party Intel the log. In addition, any Outside Consultants of the Receiving Party to whom access to the paper copies of the Intel Source Code or Chip-Level Schematics was provided must certify in writing that they will make no use of the Source Code or Chip-Level Schematics, or of any knowledge gained from the source code in any future endeavor.

**G. Procedure for Designating Materials**

34. Subject to the limitations set forth in the Protective Order and in this Supplemental Protective Order, any Party or Non-Party Intel may: designate as “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or information that it believes, in good faith, meets the definition set forth in paragraph 2 above; and designate as “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” information that it believes, in good faith, meets the definition set forth in paragraph 5 above.

35. Except as provided above in paragraph 33 with respect to “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” Material, any material, including (including physical objects) made available by Non-Party Intel for initial inspection by counsel for the Receiving Party prior to producing copies of selected items shall initially be considered, as a whole, to constitute “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” information, and shall be subject to this Order. Thereafter, Non-Party Intel shall have seven (7) business days from the inspection to review and designate the appropriate documents as “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” prior to furnishing copies to the Receiving Party.

- a. Any disagreement with regard to designations of Intel Material under this supplemental protective order shall be governed by Paragraph 18 of the protective order entered in the above-captioned case on August 7, 2016, Dkt. No. 55.

36. Designation in conformity with the Protective Order and this Supplemental Protective Order shall be made as follows:

- a. For information in documentary (including “electronically stored information”) form (apart from transcripts of depositions or other pretrial or trial proceedings): the Designating Party shall affix the legend “INTEL –

OUTSIDE ATTORNEYS' EYES ONLY" or "INTEL – OUTSIDE ATTORNEYS' EYES ONLY – CONFIDENTIAL SOURCE CODE" conspicuously on each page that contains Protected Material.

A party or non-party that makes original documents or materials available for inspection need not designate them for protection until after the Receiving Party has indicated which material it would like copied or produced. Before and during the inspection, all material made available for inspection shall be deemed "INTEL – OUTSIDE ATTORNEYS' EYES ONLY." After the Receiving Party has identified the documents it wants copied and produced, the Producing Party must determine which documents, or portions thereof, qualify for protection under this Order and, before producing the specified documents, the Producing Party must affix the appropriate legend to each page that contains Designated Intel Material.

- b. For Testimony Given in Deposition: For deposition transcripts, the Designating Party shall specify any portions of the testimony that it wishes to designate, by line and page number, no later than 30 business days after the final transcript of the deposition has been received. The Party or Non-Party may identify the entirety of the transcript as "INTEL – OUTSIDE ATTORNEYS' EYES ONLY" or "INTEL – OUTSIDE ATTORNEYS' EYES ONLY – CONFIDENTIAL SOURCE CODE," but all deposition transcripts not designated during the deposition will nonetheless be treated as "INTEL – OUTSIDE ATTORNEYS' EYES ONLY" or "INTEL – OUTSIDE ATTORNEYS' EYES ONLY – CONFIDENTIAL SOURCE

CODE,” until the time within which it may be appropriately designated as provided for herein has passed. Any Protected Material that is used in the taking of a deposition shall remain subject to the provisions of this Supplemental Protective Order and the Protective Order in these actions, along with the transcript pages of the deposition testimony dealing with such Protected Material. In such cases the court reporter shall be informed of this Supplemental Protective Order and shall be required to operate in a manner consistent with this Supplemental Protective Order. Transcript pages containing Designated Material must be separately bound by the court reporter, who must affix to the top of each such page the legend “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” and/or “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE.” An encrypted, password protected copy of deposition transcripts containing Designated Intel Material made pursuant to this paragraph may be hosted electronically by the Receiving Party on any system inside the firewall of a law firm representing the Receiving Party, however, all other restrictions in this Supplemental Protective Order pertaining to Designated Source Code Material apply. In the event the deposition is videotaped, the original and all copies of the videotape shall be marked by the video technician to indicate that the contents of the videotape are subject to this Supplemental Protective Order and the Protective Order, substantially along the lines of “This videotape contains confidential or outside counsel eyes only confidential testimony used in this case and is not to be viewed or the

contents thereof to be displayed or revealed except pursuant to the terms of the operative protective orders in this matter or pursuant to written stipulation of the parties.” Counsel for any Designating Party shall have the right to exclude from oral depositions, other than the deponent, deponent’s counsel, and the reporter and videographer (if any), any person who is not authorized by the Protective Orders in this action to receive or access Protected Material based on the designation of such Protected Material.

- c. For information produced in some form other than documentary, and for any other tangible items, the Designating Party shall affix, in a prominent place on the exterior of the medium, container or containers in which the information or item is stored, the appropriate legend.
- d. The provisions of subparagraphs 36(a-c) do not apply to documents produced in native format. For documents produced in native format, the parties shall provide written notice to the Receiving Party of any confidentiality designations at the time of production.

#### **H. Use of Designated Intel Material**

37. Use of Designated Intel Material By Receiving Party: Unless otherwise ordered by the Court, or agreed to in writing by Non-Party Intel, all Designated Intel Material, and all information derived therefrom, shall be used by the Receiving Party only for purposes of this action, and shall not be used in any other way, or for any other purpose, including the acquisition, preparation or prosecution before the Patent office of any patent, patent application, for drafting or revising patent claims, or in connection with patent licensing or product development work directly or indirectly intended for commercial purposes related to the particular technologies or information disclosed in the Designated Intel Material. Information contained or reflected in

Designated Intel Material shall not be disclosed in conversations, presentations by parties or counsel, in court or in other settings that might reveal Designated Intel Material, except in accordance with the terms of the Protective Order or this Supplemental Protective Order.

38. Use of Designated Intel Material by Non-Party Intel: Nothing in this Supplemental Protective Order shall limit Non-Party Intel's use of its own documents and information, nor shall it prevent Non-Party Intel from disclosing its own confidential information, documents or things to any person. Such disclosure shall not affect any designations made pursuant to the terms of this Supplemental Protective Order, so long as the disclosure is made in a manner that is reasonably calculated to maintain the confidentiality of the information.

39. Use of Designated Intel Material at Hearing or Trial: The parties will give Non-Party Intel prior notice of, and an opportunity to object to, any intended use of the Designated Intel Material at any hearing or trial in this case. Unless Non-Party Intel has otherwise consented to the use of Designated Intel Material at Hearing or Trial, said notice shall (a) be served by facsimile or email on counsel for Non-Party Intel at least ten (10) business days prior to the hearing or first day of trial, (2) identify the Designated Intel Material with specificity while redacting any other Party's Confidential Business Information and (3) identify the measures the party intends to rely upon to protect the Designated Intel Material when used at any hearing or trial consistent with this Supplemental Protective Order. This section shall not limit in any way the use of Designated Intel Material during the cross-examination of any witness otherwise permitted access to such Designated Intel Material, as long as the parties take all necessary steps to protect and maintain the confidentiality of any such Designated Intel Material.

#### **I. Prosecution and Development Bar**

40. Unless otherwise permitted in writing between Producing Party and Receiving Party, any individual who personally receives, other than on behalf of Producing Party, any

material designated “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” shall not participate in amending or drafting patent specifications or claims before a Patent Office of any patent or patent application related to the particular technologies or information disclosed in the Designated Intel Material, from the time of receipt of such material through one year after the date the individual person(s) cease to have access to materials designated “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE,” as well as any materials that contain or disclose Designated Intel Material. This provision shall not apply to post-grant proceedings, including without limitation reexamination or opposition proceedings filed in relation to the patents-in-suit or foreign counterparts.

41. Unless otherwise permitted in writing between Non-Party Intel and Receiving Party, any Outside Consultant retained on behalf of Receiving Party who is to be given access to Non-Party Intel’s documents, Source Code, or Chip-Level Schematics designated as “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE” must agree in writing, using the form in Exhibit B, not to perform hardware or software development work or product development work directly or indirectly intended for commercial purposes related to the particular technologies or information disclosed in the Designated Intel Material, which is not publicly known, from the time of first receipt of such material through six months after the date the expert consultant ceases to have access to any material designated “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE,” as well as any materials that contain or disclose Designated Intel Material.

**J. Designated Intel Material Subpoenaed or Ordered Produced In Other Litigation**

42. If a Receiving Party is served with a subpoena or a court order that would compel disclosure of any information, documents or things designated in this action as “INTEL – OUTSIDE ATTORNEYS’ EYES ONLY” or “INTEL –OUTSIDE ATTORNEYS’ EYES ONLY – CONFIDENTIAL SOURCE CODE,” Receiving Party must notify the Producing Party and Non-Party Intel of such information, documents or things, in writing (by fax and email) promptly, and in no event more than ten (10) calendar days after receiving the subpoena or order. Such notification must include a copy of the subpoena or order. Receiving Party also must immediately inform, in writing, the party who caused the subpoena or order to issue that some or all of the material covered by the subpoena or order is subject to this Supplemental Protective Order and the Protective Order. In addition, the Receiving Party must provide a copy of this Supplemental Protective Order and the Protective Order promptly to the party in the other action that caused the subpoena or order to issue. The purpose of imposing these duties is to alert the interested parties to the existence of this Supplemental Protective Order and the Protective Order, and to afford the Party whose Designated Intel Material in this case, is at issue in the other case, an opportunity to try to protect its confidentiality interests in the court from which the subpoena or order issued. Producing Party shall bear the burdens and the expenses of seeking protection in that court of its Designated Intel Material. Nothing in these provisions should be construed as authorizing or encouraging any Receiving Party in this action to disobey a lawful directive from another court.

**K. Unauthorized Disclosure Of Designated Intel Material**

43. If a Receiving Party learns that, by inadvertence or otherwise, it has disclosed Designated Intel Material to any person or in any circumstance not authorized under this Order, the Receiving Party must immediately (a) notify in writing Producing Party and Non-Party Intel of the unauthorized disclosures, (b) use its best efforts to retrieve all copies of the Designated Intel

Material, (c) inform the person or persons to whom unauthorized disclosures were made of all the terms of this Order, and (d) request such person or persons to execute the “Acknowledgment and Agreement to Be Bound By Supplemental Protective Order Governing Confidential Information of Non-Party Intel In This Case” that is attached hereto as Exhibit A. Nothing in these provisions should be construed as limiting any Producing Party’s rights to seek remedies for a violation of this Supplemental Protective Order.

**L. Duration**

44. Even after the termination of this action, the confidentiality obligations imposed by this Supplemental Protective Order shall remain in effect following the termination of this action, or until Non-Party Intel agrees otherwise in writing or a court order otherwise directs.

**M. Final Disposition**

45. Unless otherwise ordered or agreed in writing by Producing Party, within sixty (60) days of the termination of all of this action, whether through settlement or final judgment (including any and all appeals therefrom), each Receiving Party, including Outside Counsel for each Receiving Party, will destroy all Designated Intel Material produced by Non-Party Intel or any other Party in this action and will destroy or redact any such Designated Intel Material included in work product, pleadings, motion papers, legal memoranda, correspondence, trial transcripts and trial exhibits admitted into evidence (“derivations”) and all copies thereof, with the exception of copies stored on back-up tapes or other disaster recovery media. Within sixty (60) days of the date of settlement or final judgment, each Receiving Party shall serve Non-Party Intel with a certification stating that it, including its Outside Counsel, has complied with its obligations under this paragraph. With respect to any copy of Designated Intel Material or derivation thereof that remains on back-up tapes and other disaster storage media of an Authorized Reviewer(s), neither the Authorized Reviewer(s) nor its consultants, experts, counsel or other party acting on its behalf

shall make copies of any such information available to any person for any purpose other than backup or disaster recovery unless compelled by law and, in that event, only after thirty (30) days prior notice to Producing Party or such shorter period as required by court order, subpoena, or applicable law.
